> Kansas City, July 25.-A special to the Journal from Topeka says : There are rumors about that the Democrats will, at their state convention next month, place at lease two Republicans on their ticket. This is considered by them as fine stragetical work. The offices of attorney general and state superintendent of public instruction are the ones likely to be conceded, for the reason that if, by any chance, they should be elected, these made by the executive council. The scheme is talked among Democrats as a good one, and one likely to secure the same as to Chicago.

Republican votes, and Republican votes are the kind of votes they are after just now. The premium list of the state fair has been issued. The amount offered is about the same as last year.
